

Gather Around

Gather Around

Features

Configurations with high backs divide and separate open plan spaces creating acoustic hubs for meetings and presentations. Medium height backs provide good acoustics and allow people to gather around a rear mounted table and still engage with those seated inside. The low back option is all engaging and welcoming. Four seat modules: straight, convex, concave and corner connect using concealed metal joiners. Power options available in upholstered armrest or a front of seat.

The cantilevered table, which spans across two seat modules can be mounted at three heights, 720mm, 900mm or 1020mm. Table brackets have integrated and very convenient bag hooks. The table also has an optional flush mounted power & data module.

Gather Around Me Too

Gather Around Me Too has an increased height of 1545mm, sides and canopy for increased acoustic benefit. Also available with upholstered armrest power module or front of seat power option.

Finishes

Fully upholstered in approved contract fabrics, vinyl and leather. Table available in 13mm black or white compact laminate with black core.

Care & maintenance

Fabric

Upholstered products such as lounges should be protected from direct sunlight as this may lighten fabric colour. Vacuum regularly on low suction. Regularly rotate reversible cushions to allow even fading.

Leather

Upholstered products such as lounges should be protected from direct sunlight, direct heat and weather. Regularly dust with a clean dry duster.

Powder coated & chrome steel

Chair and table legs should be wiped down with a soft damp cloth. Do not use abrasive cleaning products

Laminate

Desks & tables should be cleaned with a soft, damp cloth. Do not use abrasive cleaning products. Wipe any liquid spills away quickly.
